

Corruption and Rule of Law Programming: State Solutions

KENNETH BARDEN

JUNE 2017

Understanding the Context

- **Anticorruption Assessment Framework**
- **Political Economy Analysis (PEA)**

Systems-Based Reforms

- Focus on Better Outcomes and Services
- How do various institutions work together?
- What are the vulnerabilities?

State and Citizens Together

- Leverage efforts of Civil Society and Government for Reform
- Build trust and Accountability

Prevention

- Risk-Based Approaches
- Audits and Performance Based Measures

Adaptive Management

- Thinking and Working Politically (TWP)
- Collaboration, Monitoring and Evaluation
- Be ready to adapt, modify, and even end activities based on changing circumstances or opportunities
- Performance vs. Impact
